Committee Suggests Labor Code Parley

OTTAWA (CP)—The Commons Industrial Relations Committee today recommended government-conducted strike votes where strikes were threatened or had taken place. The committee also proposed a Dominion-provincial labor conference be called to draft a labor code.

Ship Blast Kills 1

PORTLAND, Me. (AP)—One man was killed and three injured today in an explosion aboard the 15,000-ton tanker Diamond Island anchored in Portland harbor. The blast came, Fire Chief Oliver Sanborn said, as the ship's crew was "steaming out" its tanks. The vessel had discharged a petroleum cargo.

Aid Rushed To Ship

NEW YORK (AP)—One passenger has died and another is seriously ill aboard the troopship Newbern, Victory, 400 miles east of New York in the Atlantic. The United States Coast Guard announced this afternoon. An army bomber took off from Lloyd Bennett Field here with medical supplies. The first call for help said two passengers were seriously ill of "respiratory difficulties."

2 More Cases of Polio Reported In Manitoba

WINNIPEG (CP)—The total of infantile paralysis cases reported in Manitoba stood at 13 today but provincial health authorities said they were hopeful the number this year would be less than in 1945. The 13 represented an increase of two over the previous total.

Montgomery Here Few Hours Sept. 4; Will See Veterans

Field Marshal Viscount Montgomery, chief of the Imperial general staff, who will leave Liverpool aboard the Mauretania Monday for a Canadian tour will spend 200 minutes in Victoria Sept. 4.

"Although time available is very brief the field marshal is anxious to meet as many veterans as possible," said an announcement with the itinerary released by army headquarters in Vancouver.

Field Marshal Montgomery, first British soldier of World War II, will arrive at Patricia Bay from Vancouver at 11 a.m. During the next quarter of an hour he will meet heads of the three services and inspect an R.C.A.F. guard of honor.

The field marshal is scheduled to arrive in Victoria at 11:50, driving to the Provincial Legislative Buildings via Royal Oak, Quadra Street, Hillside Avenue, Douglas Street, Humboldt Street and the Causeway on Government Street.

Before meeting Lieutenant Governor W. C. Woodward, Premier John Hart, Mayor Percy George and others on the steps of the Parliament Buildings, Field Marshal Montgomery will inspect a second guard of honor before the legislative buildings.

In all he will spend 20 minutes at the legislative buildings before being driven to Government House for lunch with the Lieutenant Governor. The route of this drive is: Causeway and Government Street to Yates Street, to Cook Street to Rockland Avenue.

After lunch, for which his itinerary designers have allotted one hour and 20 minutes, Field Marshal Montgomery will be driven out to Patricia Bay airport. The 40-minute trip will be via Rockland Avenue, Cook Street, Yates, Douglas, Hillside, Quadra and Royal Oak.

The field marshal will embark on his plane for Vancouver at 2:20.

During the 310 minutes the field marshal will spend in Vancouver and vicinity, he will drive through the city twice, inspect one guard of honor, meet Mayor J. W. Cornett and civic officials, visit the officers' mess at Jericho Beach, where he will have tea and later dinner, and visit Shaughnessy Hospital.

Crop Prospects Better Than Average As Harvesting Under Way On Prairies

WINNIPEG (CP)—Thousands of combines and threshing machines are moving over the grain fields of western Canada today harvesting what cautious farmers and crop experts hope will be at least a better-than-average yield this year.

If anything stands out in the reports from key points in the prairie provinces, it is a note of anxiety over conditions during the all-important period between now and the time when the last farmer greases his harvesting equipment and puts it away for the long winter. Excessive moisture and frost are two factors which qualify all crop predictions, particularly in Alberta where frequent north winds bring cold weather late in the summer.

In Manitoba, cutting and threshing has become general in the southern regions. Recent rains west of Winnipeg have made the going tough around Brandon, where warm, dry weather is needed. An estimated 80 per cent of the Brandon area wheat has been harvested, and about 50 per cent of the coarse grains.

Nurses Love Tiny Incubator Baby

Margaret Joyce, daughter born prematurely Sunday afternoon at Minto Hospital to Mrs. Henry Smaters of North Pender Island, 20 miles southeast of Ganges, Salt Spring Island, has lost 3½ ounces from her original weight of 1 lb. 14½ oz. but is reported to be "coming along nicely."

She opened her eyes for the first time Friday and is seemingly normal in every way. Margaret Joyce is kept in an incubator, and hospital officials have every hope she will survive.

"She's a darling and is a favorite of the nurses here," said Dorothy McDermott, undergraduate today. "She is fed mother's milk every hour and a half through an eye dropper."

"Mrs. Smaters has not yet seen her but is delighted at the way she is coming along."

Mr. and Mrs. Smaters were married at Pouce Coupe in January, 1929. They lived for some time in Vancouver before going to Pender Island about six months ago, where Mr. Smaters works on a farm. They are three other children, two girls, 16 and 18 years of age and a boy 13.

The Archbishop will preach in Halifax and Toronto and will attend the general synod of the Church of England in Canada at Winnipeg.

is expected to begin in about 10 days. The crop is said to be a little patchy, but "as good or better" than last year's average yield. Most crops are running 15 or more bushels to the acre.

Southern Saskatchewan wheat matured a little too rapidly following hot, dry weather in the latter part of July and early August. But overall conditions show the average crop to be 107, based on the figure 100 representing the province's long-term average of 15 bushels harvest from every sown acre.

HAIL DAMAGES CROP

Damage from a hail storm early in the week in a strip between Coderre, southwest of Moose Jaw, and Alameda in the southern corner of the province, has not been estimated, but early reports indicate losses at between 10 and 100 per cent.

Rain has held up harvesting of wheat around Moose Jaw. The poorest report came from south western Saskatchewan, where prospects are said to be only fair. High winds have caused some damage to fields already infested with sawflies.

The peril of frost hung over Alberta late this week, with

reports of light snow in the Calgary region. Prospects previously were for a bumper crop of wheat and oats, although hail in the High River, Three Hills and Blackie areas has taken a heavy toll.

In southern Alberta, yields are expected to show a wide variation. The total output may be almost double that of last year, when the average was only 11 bushels an acre.

Harvesting is about half completed in the southeast, with a lighter yield than in the southwest, but still two to three times heavier than last year's.

Total wheat acreage in the west this year was calculated last spring by the Federal Bureau of Statistics at 25,178,000. Some experts believe the actual figure now is slightly below the original estimate.

To Visit Canada

ARCHBISHOP OF CANTERBURY

LONDON (Reuter)—Announcing plans for the forthcoming visit to Canada and the United States of Dr. Geoffrey Fisher, Archbishop of Canterbury, the press bureau of the Church of England said today he will sail Aug. 19 for Canada. He expects to return to Britain early in October.

The Archbishop will preach in Halifax and Toronto and will attend the general synod of the Church of England in Canada at Winnipeg.

Dr. C. S. Beals, left, assistant-director of the observatory, gives Austin Dodds, Eugene, Ore., a peek through the eye-piece of the telescope.

The 85-foot dome of the Dominion Astrophysical Observatory on Little Saanich Mountain which houses the world's fourth largest telescope, is glistening again in aluminum paint for the first time since shortly after the declaration of war with Japan. The observatory was camouflaged against possible air attacks at that time, removing one of southern Vancouver Island's best-known identification marks.

Visitors to the observatory, barred during war years, now are flocking to the summit of Little Saanich Mountain to view the beauties of the surrounding country and to inspect the telescope through which many discoveries of the heavens have been made.

On the visitors' register inside the front door of the building are the names of people from all parts of the world who have called there during the last month. The names of home cities of the visitors include Comrie, Scotland; Peking, China; Hempstead, N.Y.; Miami, Florida; Quebec, Canada; and Mississipi.

Casualties Soar As Hindu, Moslem Bombay Riots Rage

CALCUTTA (CP)—A pitched battle was raging tonight between crowds of Moslems and Hindus in central Calcutta after another day of riots marked by arson, looting and stabbing incidents.

British troops moved into this "first city" of India to take a hand in checking the two-day turmoil which caused an estimated 250 deaths and about 1,600 other casualties.

Police fired many times during the day to disperse crowds looting shops. Some bodies lay unidentified in the blood-stained streets. The roar of crowds and the crash of breaking glass could be heard along with the crackle of small arms fire. Damage to date was estimated around \$4,000,000.

Essential services of the city were maintained with skeleton staffs. Some office workers were stranded in their office buildings. Many others who succeeded in reaching their homes Friday, did not report at their jobs today.

A curfew was imposed as a Bengal government press note confirmed that the army had been asked to help check mounting disorder among the city's more than 2,000,000 inhabitants. Armored cars streaked through the streets and British planes flew over the seething city. Police opened fire to disperse angry crowds.

nscomb Formally Opens Bridge Over Haslam Creek Near Nanaimo

NANAIMO (Special)—The steel-arch bridge over Haslam Creek on the Island Highway a few miles south of here was formally opened today at a ceremony attended by provincial government officials, officers of Boards of Trade and others.

Finance Minister Herbert Anscomb, during whose administration as public works minister the development of the Island Highway as a modern highway proceeded, cut a silk ribbon across the new structure, built by Yarrows Ltd. of Victoria.

A few minutes previously a blast of dynamite had destroyed the old bridge close by the new structure.

Traffic on the highway, halted for the dynamiting and the bridge opening ceremony, soon proceeded over the new bridge, no longer having to bend around a turn to the old wood structure.

The bridge opening was an occasion of importance to the provincial works department. The bridge was fathered by A. L. Caruthers, chief engineer for the department, and acting deputy minister, and developed by other bridge engineers of the department.

It is of specific design to meet the peculiar requirements of bridges in British Columbia, and it is likely the Haslam Creek Bridge will be duplicated in many highway crossings of creeks and rivers throughout the province.

MOVIES TAKEN
To record the ceremony for future reference, two B.C. government travel bureau motion picture division photographers were present, Dick Colby recording the occasion for a movie and Clarence R. D. Ferris, chief of the motion picture division, photographing with a "still" camera.

Works Minister E. C. Carson said he wanted to put on a show for this bridge opening to focus the public's attention on the work of the department.

"Perhaps then the public will be a little more appreciative of the work we are doing and the difficulties we are overcoming," he said.

Attending the ceremony was N. W. MacPherson, highway commissioner for the Alberta government.

Twenty-four feet wide, 135 feet long, the bridge itself cost \$55,000. While Yarrows Ltd. built the bridge, the substructure was built by Moncrieff Construction Co. Vancouver.

Trains Detoured, Rush Crews To Move Rock Mass

BANFF, Alta. (CP)—More than 100 men were working feverishly today with bulldozers and ditchers to clear the Canadian Pacific Railway tracks from the district's worst rock slide, 45 miles west of here at Cathedral Mountain. No persons were reported injured as the rocks devastated the area.

All east and westbound traffic was halted over the C.P.R. and Trans-Canada Highway and today railway officials were re-directing traffic from Vancouver east and Winnipeg West.

The slide blocked off miles of the railway track along which two sections of No. 4 passenger train and one section of No. 8 had passed more than an hour earlier. It covered three steps of the figure eight tracks and the Trans-Canada Highway which bends its way around the mountain.

Reports say the slide is believed to have started at the peak of the mountain about 5:30 p.m. Friday and continued to about 8 p.m. as it fell like a stairway more than 5,000 feet.

About 12 miles west of Cathedral Mountain is Field, B.C., which saw one of the worst rock slides in history. A rock slide completely buried the town of Field just after the turn of the century and took the lives of many of its inhabitants.

Starting above the Partridge siding on the mountain the slide continued downward to below Cathedral siding and struck the C.P.R. tracks about one mile east of the east portal of the first spiral tunnel.

HITS 3 SETS OF TRACKS

It crossed the second set of tracks a short distance from the Yoho siding and crossed the third set of tracks about one-half mile west of the west portal of the second spiral tunnel.

All available men and equipment were rushed to Cathedral Mountain from Vancouver North Bend, Revelstoke and Nelson, B.C., on the west side and Calgary and Medicine Hat on the east.

The men were using bulldozers, two ditchers and two steam shovels to clear the tracks. Officials were unable to estimate when the rock would be cleared away and the tracks reconstructed although it was believed it would take at least several days.

TRAFFIC RE-ROUTED

Railway officials said all east and west traffic through the area would be re-routed through the Crow's Nest Pass.

No. 1 westbound passenger train due to leave Calgary at 11:15 p.m., M.S.T., Friday night was detoured through the Crow's Nest by Kettle Valley and was half an hour late. No. 2 passenger train due in Calgary at 12:55 p.m. today has been detoured via Golden, B.C., and the Crow's Nest Pass.

CALGARY (CP)—Westbound C.P.R. trains out of Calgary were re-routed through the Crow's Nest Pass this morning as crews struggled to clear hundreds of tons of mud and rock from the railway's main line 12 miles east of Field.

Officials here estimated the trains would arrive in Vancouver eight to 10 hours behind schedule. Trains from the coast, which were re-routed by way of the Kettle Valley Line and the Crow's Nest, were expected to be 12 hours late.

A local left Calgary this morning for Lake Louise on the scheduled time of train No. 7 and will return this evening on No. 8's time.

Railroad Trainmen Reject Wage Offer

OTTAWA (CP)—The Brotherhood of Railroad Trainmen today announced it had rejected a wage increase offer of 10 cents from the Canadian National and Ontario Northland Railways.

The brotherhood's application for a 25 per cent increase affecting 18,000 Canadian railway workers had been referred back to the National War Labor Board. J. J. Hendrick, Toronto, vice-president of the brotherhood,

said railways other than the C.N.R. and O.N.R. had declined to enter into negotiations. It is understood other railway unions, representing altogether about 170,000 workers, are still in negotiation.

Fruit, Vegetables

In Heavy Supply; Not Enough Cheese

OTTAWA (CP)—Supplies of fruits and vegetables, both imported and domestic, have been more plentiful during the last month than in any period since 1939, the Prices Board reported today in its monthly survey of food supplies.

Corn and tomatoes were generally scarce but new pack peas came to the market in July while dried fruits generally were good.

Consumers welcomed the prospect of the three-pound sugar increase and present supplies were ample for rationing needs. Corn syrup was a prairie shortage.

Butter met rationing requirements generally.

Cheese, particularly Cheddar, was insufficient in Alberta and Manitoba. Canned milk for baby feeding was an urgent need in Vancouver, Edmonton and Calgary.

Fresh fluid milk and cream were plentiful with a keen demand. There was an ice cream shortage in Alberta.

Manitoba reported an egg shortage, with a temporary easing off in supplies.

Poultry supplies showed improvement with broilers and big chickens and adequate supplies of fowl reaching Ontario and most western markets.

Scarcities of pork and pork products were general, except in country points of northern Alberta. There was a fair amount of cooked meats, except ham, and shortages in Calgary and southern Alberta.

Smoked meats were "very

rice crispies were Alberta short-ages. Dry beans and peas were limited in British Columbia. Soft drinks were inadequate at various points.

When price ceilings were lifted in July, red beef was fairly plentiful. Fresh lamb showed improvement but met only half of Calgary's requirements.

Fresh fish, including salmon, was more plentiful.

Conference To Let Austria Give Views On Italian Pact

PARIS (AP)—The Paris peace conference today voted 15 to 6 to invite Austria to state her views on the pending treaty with Italy. Canada put in a strong bid in support of the invitation of the former Axis satellite.

Brooke Claxton, Canadian Health Minister and a member of the Dominion's delegation, countered the arguments of Andre Vishinsky, a Russian delegate, that the Russian delegation had "no information" and therefore could not agree to invite Austria to the 21-power conference.

"Mr. Vishinsky says he has no information," Mr. Claxton said. "It is precisely in order to get information that we should invite Austria. Canada is in favor of this proposition and of all the other propositions which will promote an enduring peace."

The approved proposal would invite Austria to appear "to explain its point of view on the treaty with Italy on the same terms as Albania, Mexico, Cuba and Egypt."

The six votes against the invitation were cast by Russia and that country's eastern European adherents. Britain and Russia had clashed early in the day's session on the question of the Austrian invitation. The United States then came to the support of the British position in favor of inviting Austria. Then Mr. Claxton spoke.

"Canada has as little interest in the territory as any country," he said. "But Canada was interested in promoting a successful peace."

"No doors should be closed on the possibility of making a just, enduring and generous peace."

Referring to the lagging pace of the conference, Mr. Claxton suggested it "might be a good thing if some of the leaders of the Big Four could meet in order to facilitate more rapid work."

That suggestion already had been made by Prime Minister King two weeks ago.

Immediately after approval of Austria's invitation the Soviet delegate placed a motion before the conference for a similar invitation to Iran.

"The Iranian government has three times communicated its desire to take part in this conference," Mr. Vishinsky said. "The Soviet delegation thinks the request is entirely justified and well founded."

The Soviet delegation proposed

City Flying Club To Use Patricia Bay

Victoria Flying Club now has the approval of Western Air Command for use of Patricia Bay airport and the club hopes to begin operations this week-end, F. J. Kennelly, club secretary, said today.

W.A.C.'s approval is still subject to confirmation by Ottawa, Mr. Kennelly said, but the air officer commanding, W.A.C., was keen to see the club begin use of Patricia Bay as soon as possible.

The club instructor is now taking an advanced training course in Vancouver and will give dual instruction on his return here. The club is expecting to have delivery of another aircraft within 10 days.

However, although dual instruction will not begin until the return of the instructor, qualified club members may take their friends up on sightseeing flights.

R.C.A.F. officers have extended full co-operation, Mr. Kennelly said. Although a sharp increase in club membership is anticipated, Mr. Kennelly pointed out the present facilities of the club were not such as to permit unlimited enrolment.

Paralysis Cripples Only 1 Child In 1,000 Under 10 Years

WASHINGTON (AP)—With infantile paralysis striking in various parts of the United States and Canada, Dr. Howard A. Howe of the poliomyelitis research centre, Johns Hopkins University, has some things to tell the public.

Writing in "Hospitals" magazine, and speaking of the United States where conditions are similar to those in Canada, Dr. Howe says:

If you have a child under 10 years of age, the chances are only three in 1,000 he will suffer a severe attack of infantile paralysis, even during an epidemic.

There is one chance in 1,000 he will be crippled for life.

The risk of a severe attack lessens sharply after a child passes 10. Beyond 20 there is only about one case in every 100,000 population, even during extensive outbreaks.

Dr. Howe acknowledges there is small comfort in these facts. "For that one child in 1,000 (who may be crippled for life)," he said, "poliomyelitis still is a great tragedy."

Why do adults rarely suffer a severe or recognizable attack?

Dr. Howe says science believes the vast majority of people must have had a mild case of infantile paralysis and gained a practical immunity without even being aware of it.

Dr. Howe says it is practically certain the disease is transmitted by "human contact." But it is still unknown whether that contact is always direct or whether it may sometimes be indirect.

Money Ordered Held In Courtenay Banks

VANCOUVER (CP)—Mr. Justice A. M. Harper in supreme court at Vancouver Friday issued Ellen Catherine Exel an order tying up bank accounts of her husband, Frederick Gofrey Exel, at Courtenay.

Counsel for Mrs. Exel said she had reason to believe her husband to leave Canada for his native Holland, and he held money received from the sale of her furniture and house.

Mr. Justice Harper gave Exel leave to apply on two days' notice to set aside the injunction which restrains two banks in Courtenay from releasing his funds.

Coffee was first used in a form similar to a chocolate bar, rather than as a beverage.

Unwashed Neck, Mannish Stride Had Eva Braun, Her Tailor Says

TAUBENBERG, Germany (AP)—If Eva Braun had washed her neck more often and taken shorter strides, she might have been a lady—to her tailor.

But she didn't. Adolf Hitler apparently didn't mind, but Otto Kalman Ponatter did. Otto disliked Eva's habits, and there was nothing he could do about it.

Otto, at 45, now lives here atop a 2,000-foot mountain an hour's drive southward from Munich, quite satisfied to be forgotten as the tailor for Hitler's mistress, the woman Der Fuehrer married in the last days of the crumbling Nazi Reich.

Otto knew Eva Braun 'way back as just another girl in Munich.

"She was pretty, with a nice figure," Ponatter said in an interview, "but she was what you would call a pretty shopgirl, nothing unusual. You never would turn around to look at her twice."

Eva never knew what was

Eva Braun... not much glamour

good and what wasn't, Otto said.

Eva worked as an apprentice for a Munich photographer, Heinrich Hoffman, who was Hitler's personal photographer for years.

Hoffman remembers Eva as a worker on his staff, too, just as Otto remembers her.

"I never could impress on her that she should make a good appearance," says Hoffman. "Her neck was never quite clean."

Saanich Fall Fair Plans Ready; Many Entries, Prizes

SIDNEY—Directors of the North and South Saanich Agricultural Society have completed arrangements and are distributing prize lists for the 78th annual Fall Fair at Sannichton on Labor Day.

George I. Mitchell, president, reports that entries are coming in well and indications point to an outstanding livestock show. Good competition is expected in the saddle horse classes by Dr. S. F. Miles, convener.

Exhibits for classes covering phases of activity on the farm, garden and in the home, will be shown in the main hall.

John MacDonald of Victoria, will be in charge of the Highland piping and dancing events with five cups to be competed for. Women members of the society will handle the catering with Mrs. A. Doney in charge assisted by Mrs. W. W. Mitchell and Mrs. James Turner.

3 Former Naval Officers Plan Genoa Bay Resort

DUNCAN — Three former Canadian naval officers, R. B. Bush, E. C. Russell and J. C. Dorie, have acquired property at Genoa Bay, on the north side of Cowichan Bay, 11 miles by road from Duncan where they plan to build a resort.

Present plans call for 21 small dwellings, a 12-room fishermen's

lodge, 17-room main lodge, and a recreation centre with a lounge, dining-room, dance floor and facilities for indoor sports.

There will also be tennis courts on the property, a swimming pool, boat sheds, dock and floats.

Some of the small dwellings will be available for summer homes and permanent residents.

The property originally housed a sawmill 600 by 200 feet, and 60 other buildings, including bunkhouses, sheds and dwellings on 25 acres.

The eagle's weight-lifting capacity is estimated at eight to 12 pounds.

190 Attend Special Charter Night Of Sidney Rotary Club

SIDNEY—Some 190 Rotarians and other guests, including upwards of 100 from Victoria Club, attended a banquet at the Little Rm. Hen here, Friday night, when the Sidney Rotary Club received its charter, No. 6339, in Rotary International from District Governor Roy Fletcher.

Past District Governors Percy Scourrah, Victoria, and Stanley Long, Seattle; Leonard Hobbs, president of the Victoria Rotary Club, and many others joined in a three-hour program.

Robert Cheyne acted as master of ceremonies, while Frank Stenton, president of the Sidney Rotary Club, responded to the felicitations, which poured in from this Rotary district.

Victoria, Vancouver, Seattle, Bellingham, Duncan, Nanaimo, Port Angeles, Courtenay, Port Townsend, Campbell River, Anacortes, Chilliwack, Oak Harbor, Alberni, Squim, Mount Vernon and Seattle-University Rotary Clubs sent special gifts and greetings.

Victoria Rotary Club sponsored the Sidney group and contributed the program for the evening. An ornamental gavel, hand-carved Rotary wheel, ship's bell and a set of badges were among the gifts presented to the Sidney Club.

"Rotary organization believes in the dignity and worth of the individual, and of the personal liberties without which no man can be free," Past District Governor Stanley Long of Seattle said. "Rotary is pledged to full support of the United Nations."

Governor Roy Fletcher conveyed greetings of Rotary International to the new club which brings to more than 5,800, the number now in active operation.

Salt Spring Man Takes Fine Trailor To Sourdough's Meet

By H. V. STREETER
SAN FRANCISCO (AP) — It was like Soapy Smith's Skagway saloon Friday on the mezzanine of the St. Francis Hotel.

Klondike veterans whooping it up at the International Convention of Sourdoughs were in great voice as they relished their salad days of painted dancing ladies, freezing dog sled trips, and bacon at \$1.50 a pound.

"I knew Soapy Smith when he got his name in Denver in '88 by selling cakes of soap with bits of paper around them," said Ben T. Hadley, Los Angeles, once a stage coach man in the Yukon territory.

The rough and ready justice of the Klondike was a memory of Lee Croft, Tacoma, sheriff of Pierce County, Wash.

"Say a man stole another man's squaw," he explained.

"The miners called a meeting, heard the witnesses, then scratched a line in the dirt. All men who felt one way about it took a stand on one side; all who felt another stood opposite. Heads were counted. The man who lost the verdict was given a few provisions and headed down the river."

Some of the more than 400 sourdough visitors came by plane, covering in hours distances which once required weeks to mush by dog team.

Alex (Sandy) Smith, 88, of Salt Spring Island, arrived in a luxurious auto trailer complete with bathroom, kitchen and refrigerator. Claimant to discovery of the naval oil reserves east of Point Barrow, Alaska, Smith first entered the Yukon territory in 1878 and has conducted personal explorations into Siberia and the Arctic.

There's also a program in connection with this convention—but no one seemed to have heard of it.

Field Day For Senate In Offing Over Income Tax Appeals Bill

OTTAWA (CP)—In these waning days of the second session of the 20th Canadian Parliament, the Commons has given the Senate another opportunity to manifest its spirit of postwar resurgence.

Made to order for Upper Chamber critics is the government's Bill 368, implementing budget resolutions on income and corporation taxes and, in doing so, creating a new income tax appeal board.

The board was the idea of the Senate. But it asked that it be given power over the discretion of the Revenue Minister. The budget approved the board, but kept the minister's decision final.

A Progressive Conservative attempt to re-establish the original principle failed in the Commons after acting Finance Minister Abbott said the government could not place in the hands of an independent body matters which affected government policy.

A Senate that already has rapped and apparently side-tracked the government's bill to extend the Wartime Foreign Exchange Control Board can probably be expected to react at least equally sharply when its own project—subject to long committee study—comes back on its doorstep in its new clothes.

The board would be mobile and would give the average Canadian a readily available hearing of his complaints against income tax decisions he considers wrong.

Bill 368 was one of the subjects that kept the Commons busy through another 11 a.m. to 11 p.m. sitting. It completed study of estimates of the Veterans' Department and ate into those of the Transport Department. It will sit again today for the second Saturday and hopes to prorogue on the third.

Members from both coast urged lighthouse keepers be given better accommodation, treatment and equipment.

Requests for the improvements came from Maj.-Gen. G. R. Pearkes, V.C., P.C., Nanaimo; R. H. Winters, Lib., Queen's-Lunenburg, N.S.; Percy Black, P.C., Cumberland, N.S.; and Wes Stewart, Lib., Charlotte, N.B.

Transport Minister Chevrier said the position of the light keepers had been considerably enhanced. Arrangements were being made to give them leave, particularly if they were in isolated spots. New equipment would soon reach the keepers.

REPORT ON CBC

The Commons radio committee recommended unlimited government loans to the CBC to finance its \$2,000,000 expansion program and the passing over of full receipts from license fee collections to the corporation.

The final report, tabled in the Commons by Chairman Ralph Maybank, Lib., Winnipeg South Centre, had the effect of removing the statutory limit of \$50,000 on government loans to the corporation and made available an additional sum of more than \$300,000 from license fees.

Based on figures for the last fiscal year, the CBC stands to get about \$4,300,000 annually in revenue from the license fee source as the result of the recommendation that administration and collection costs be not charged to the total.

One of the main features of the report was the affirmation of the CBC policy of taking over private station frequencies—the most controversial subject before the committee's 28 meetings.

It was reliably learned that the report was hotly-contested, section by section, by Progressive Conservative and Social Credit members in a prolonged closed meeting that extended into the small hours of Friday morning. This minority block of votes is understood to have opposed most of the report.

Here are the highlights:

1. Reaffirmation of the principle of a nationally-owned and operated radio system and full and complete national control over all broadcasting, supplemented by private community stations.

2. Approval of the CBC policy of taking over high-power, clear-channel frequencies from privately-owned stations.

3. Disapproval of a suggestion for a private station network.

4. Non-committal attitude regarding the private station suggestion for the establishment of an independent radio appeal board having the character of the railway transport board.

5. Recommendation that the CBC and Transport Department licensing authority get statements of good intentions on public services before renewing station licenses each year.

6. Recommendation that full receipts from radio license fees be passed over to the CBC.

7. Recommendation that the Broadcasting Act be amended to allow loans of more than \$500,000 to the CBC for capital expenditures.

8. Suggestion of serious consideration for the establishment of a second French network which would carry alternative programs such as provided for English listeners.

9. Security in tenure of office for the general manager—Dr. Augustin Frigon—until he reaches the age of 65, thus placing him in the same category as a deputy minister of a government department.

10. Recommendation that commentators guard their utterances "to protect at all times the heritage of our free democratic way of life."

Board Seeks Army Hut To Relieve Crowding At Victoria College

As a means of relieving the badly-overcrowded conditions at Victoria College for the winter session, which will open the latter part of next month, the Greater Victoria School Board, at a meeting Friday evening approved a plan to obtain one or more army hutsments, to be placed on the campus for use as classrooms.

The only instructions given building and grounds superintendent R. H. Smith about the hutment classrooms was that they were to be "as large as possible."

At the same time the board authorized Dr. J. M. Ewing, college principal, to obtain a license for the Victoria College bookstore, to be opened in September, and placed an additional \$1,500 in the bookstore account to purchase books and supplies.

Trustee Waldo Skillings ques-

tioned this move, asking if the School Board was figuring on going into competition with city merchants selling books and supplies.

Trustee R. H. Green explained that the books were already on order, and that last year so much difficulty had been experienced in getting the necessary texts that the few students who could obtain them in some classes had placed the books in the college library to give everyone a chance to use them.

J. F. K. English, municipal school inspector, added that a college bookstore could sell much more cheaply to the students, and that this was the custom in all universities across the country.

Chairman Austin I. Curtis anticipated that some of the city merchants would resent the move.

No Glass Case For Stenographer At City High School

The question of building a glass partition around one of the stenographers who works at Victoria High School proved a contentious one at Friday's meeting of the Greater Victoria School Board.

In the estimates of work to be done during September was an item calling for a new door to the principal's office, for a new glass partition and additional shelves in the store room.

Trustee Waldo Skillings could see no good reason why a stenographer needed to be kept in a glass case. He felt the money could be spent much better on some school where repair work was more urgent.

J. F. K. English, municipal school inspector, explained the idea was to give the young lady seclusion so she would not be bothered at her work by people interrupting her and asking questions.

Chairman Austin I. Curtis seemed to think that part of her duties should be to be interrupted and answer such questions. "Yes, indeed," agreed Trustee Skillings. "Why, I've waited up there at that office 15 or 20 minutes and been completely ignored."

Trustee R. H. Green questioned an appropriation to establish a special mimeograph room adjacent to the office, but Trustee Isla Tuck assured him it was a necessity because "students have sharp eyes where examinations are concerned."

Trustee Skillings returned to the battle with the comment: "We seem to do nothing but spend the taxpayers' money. I can't see how, as a unified board we are saving any money. We just grant every request made to spend money. I can't see why a stenographer needs a special office. She wouldn't get it in any office down town."

Finally the offending partition was deleted from the work to be done, with the proviso that the committee would investigate the need for it further.

Teachers Added, Resign and Move In School System

Appointment of 13 new teachers to the permanent staff, two to the temporary staff, acceptance of 12 resignations, and approval of 16 transfers, was made at Friday's meeting of the Greater Victoria School Board.

New teachers appointed to the staff, together with the schools at which they will serve are as follows: Miss Peggy Mackay, Tolmie; Miss M. A. Watson, Lampson Street; R. H. Temple, Esquimalt High School; Miss Shirley Kerr, Victoria West; Miss A. M. T. Cox, relieving teacher; Miss M. E. Heller, McKenzie Avenue; Miss Jessie Swales, Tolmie; H. D. Gibb, Mt. Douglas High; Miss Isabel Mathieson, Quadra; Miss Margaret McCurrach, Kingston Street; Miss Hazel Nassen, Cedar Hill; Miss Isabel Routledge, relieving teacher; and Miss Vera Nanson, Strawberry Vale.

Temporary teachers named for one year were Mrs. E. V. Hardman for George Jay craft; and Mrs. Phyllis Eltringham, George Jay.

Resignations were accepted from Sophia Kurtin, Lydia Martin, Joyce McRae, Maj. T. P. Horne, Dorothea Carroll, V. W. Jones, Agnes Taylor, Lillian Barton, Frances Henderson, Margaret Abram, Lucille Hamilton and Netta Jones.

The following transfers were also approved: Norman Forbes from North Ward to Oaklands as principal; Dr. G. H. E. Green from leave of absence to North Ward as principal; Joseph T. Ross from leave of absence to North Ward as vice-principal; Miss N. G. Wallace, teacher in charge of Beacon Hill.

A. D. W. Jones from Victoria High School to Oaklands; Pamela Terry from Kingston Street to Oaklands; Ida Crispin from North Ward to Quadra; Joyce Bailey from Kingston Street to Bank Street; Gladys Pettersen from Oaklands to Bank Street; Jane Service from Cedar Hill to Oak Bay pre-primary; G. S. Taylor from Tillicum to Cedar Hill; Muriel Anderson from Sir

James Douglas to Victoria West; Doreen Radcliff from Sir James Douglas to Margaret Jenkins; Florence McConnell from Mt. View High School to Tolmie; and E. V. Davies from Cloverdale to McKenzie Avenue.

Leave of absence for one year was granted to Miss Dorothea Hay of Victoria High School and D. R. MacKay, Oaklands school.

H. L. Smith of Victoria High School is to be sent to the Canada-Newfoundland Education Association convention being held in Edmonton next week. Mr. Smith was asked to attend the convention as a member of the panel on high school education and to prepare a paper.

5 Victoria Pupils Win B.C. Products Bureau Bursaries

Six bursaries were awarded in the Victoria-Duncan area, and three in the Nanaimo-Courtenay-Alberni area, to winners in the B.C. Products Job Study Competition, held in connection with guidance work in the secondary schools of British Columbia, according to announcement of the B.C. Products Bureau.

Bursaries of \$75 each were awarded Vera Pearson of Victoria High School, and Mary Stuart of Cobble Hill High. Bursaries of \$50 each went to Ilae Rockellay of Victoria High and Wilmer Michell of Mt. Newton High. Bursaries of \$25 each were awarded David O. Dorman of Esquimalt High and Grace Mears of North Saanich High.

Earl Bamford of the John Shaw High School, Nanaimo, was awarded a \$75 bursary; Dick Thrane of Tsolum Consolidated High, \$50, and B. Mills of Alberni District High, \$25.

"You need have no hesitation in describing the Job Study Competition as a complete success," wrote Harold P. Johns, director, education and vocation guidance, Department of Education. "Literally hundreds of job studies were produced by students in all parts of the province."

"The stimulus given to the study of future careers here in this province and the service of the bureau to the young people, and thus the future welfare of British Columbia, cannot easily be reckoned."

Reorganize Cadet Corps In Schools In One Battalion

The present school cadet corps will be disbanded, it was decided at Friday's Greater Victoria School Board meeting, and reorganized into a Greater Victoria area Cadet Battalion.

The former cadet corps will then become platoons or companies under the larger organization, of which Maj. J. H. Ramsom will be in charge.

Trustee Waldo Skillings was opposed to the new organization as he claimed the schools would lose their competitive spirit when the corps was centralized.

Offering of 51 courses at eight different centres throughout Greater Victoria for night school, starting Oct. 1, was approved. There will be 32 classes given at Victoria High School, four at Central Junior High, four at the old Oak Bay High, three at Esquimalt Lampson Street School, three at Mount View High School, three at the government training centre on Cormorant Street, one at Quadra Street School and one at Kings Road School.

Fees will remain the same as previous years, but J. F. K. English, municipal inspector of schools, stated that additional grants would be given for technical courses under the Dominion-Provincial training scheme, which would give the school board a higher income from night school.

In future parents of children starting primary or pre-primary classes may be asked for birth certificates for their children where there is doubt that the child is within the age bracket to start school.

Eight additional classrooms are being set up through the school system this year, utilizing vacant rooms within the schools, it was reported by Trustee M. P. Paine for the buildings and grounds committee.

An epidemic of window breaking was reported in Esquimalt as the school board approved replacement of 55 cracked or broken windows at Esquimalt High School.

The question of establishing a special sight-saving class in Victoria schools will be investigated by the education committee, on the request of John L. Forrester, who asked that such a class be set up. Mrs. H. A. Beckwith reported she would find out how many children require this special teaching technique.

Married Same Day, Friends Act As Other's Attendants

Annas Agnes Taylor was united in marriage Friday evening in the chapel of the Bishop's House, View Street, to Thomas O'Neill. Father Arthur Leonard read the service for the younger daughter of Mrs. Robert Taylor, Errington, B.C., and the late Mr. Taylor, and the only son of Mrs. T. O'Neill, Niagara Street, and the late Mr. O'Neill.

For her wedding the bride wore a light wool suit in aqua blue with hat and accessories in rose, complemented by a corsage of gardenias. Her only attendant was Miss Isabel Thompson, who wore a dressmaker suit of turquoise blue with white accessories. Bernard Cavin supported the groom.

A reception for members of the immediate families was held at the home of the bride's uncle and aunt, Mr. and Mrs. Robert Thorburn, 1534 Harrison Street, where Mrs. Taylor, mother of the bride, assisted in receiving.

Leaving for a honeymoon trip up the Island and motoring on the mainland, the bride donned a three-quarter length coat trimmed with blue fox, to match her suit. Mr. and Mrs. O'Neill will reside in Victoria.

EDMONTON (CP)—Dominion meteorological experts in Edmonton said today that western Canada's frost scare from a mass of cold polar air now moving slowly across Saskatchewan towards Manitoba, was past.

Father A. Leonard performed the ceremony Friday evening in the chapel at the Bishop's House which united Isabel, daughter of Mr. and Mrs. Ralph Thompson, Aberdeen, Sask., and Bernard Cavin, son of Mr. and Mrs. E. M. Cavin, 241 Montreal Street.

The bride wore a dressmaker suit of turquoise wool with matching white accessories and corsage bouquet of gardenias and sweetheart roses. She was attended by Mrs. Thomas O'Neill, attired in an aqua blue suit with hat and accessories in roses. Thomas O'Neill was best man.

A small reception for the immediate family was held at the home of the groom's grandmother, Mrs. M. J. O'Neill, Wellington Apartments.

Following a honeymoon at Shawanigan Lake, Mr. and Mrs. George will reside at 568 Hillside Avenue. Going away the bride wore at matching coat over her wedding suit.

Couple United At Double-Ring Rites

Wednesday morning at 10 in St. Mary's Church, Oak Bay, Helen Enyd, daughter of Mr. and Mrs. Charles Skipper, Surlingham Farm, Kent County, Ont., was united in marriage to Ian Roderick Forrest, fourth son of Mr. and Mrs. D. R. Forrest, Winnipeg. Rev. F. A. Springbourne officiated at the double-ring ceremony.

Escorted to the altar by her father, the bride wore a suit of beige gabardine with dolman sleeves and model hat of char treuse birds and brown veiling. Her accessories were in char treuse and her corsage bouquet composed of gardenias and white sweet peas.

The bride was attended by Mrs. Wm. Rhonda-Skipper wearing a dressmaker suit with white skirt and brown jacket, brown hat and accessories and corsage bouquet of white orchids. P.O. Wm. Rhonda-Skipper, R.C.N., was best man. Mr. R. Yerburch was the organist.

A few intimate friends were entertained at luncheon at the Empress Hotel, being received by the mother of the bride, and Mrs. J. Delaney of Calgary, aunt of the groom. Later, Mr. and Mrs. J. C. Whyte held a reception at their home on Haultain Street.

Mr. and Mrs. Forrest are spending a few days in Vancouver, proceeding by plane to Winnipeg, where they will reside on Rosslyn Avenue. Mrs. Forrest is on the staff of the Winnipeg General Hospital, having recently received her discharge from the R.C.A.M.C.

Joyce Haverfield Wed At St. John's

A rose dressmaker suit with matching hat, black accessories and corsage bouquet of roses and swainsons, was the choice of Joyce Scarlett Haverfield for her marriage to Boyce Gaddes at St. John's Anglican Church today at 4.30.

The bride is the daughter of Mr. Brock Haverfield of Kelowna and the late Mrs. Haverfield. The groom is the son of Dr. W. H. Gaddes of Edgewater, B.C., and the late Mrs. Gaddes.

Miss Patricia Longidge of Duncan was bridesmaid and wore a blue jacket frock with matching hat and corsage bouquet of gardenias. William Gaddes, twin brother of the groom, was a regular man.

Archdeacon N. Blunt performed the ceremony and the bride was given in marriage by her father.

After a reception at the home of Mr. and Mrs. W. H. Gaddes, 844 Newport Avenue, Mr. and Mrs. Gaddes left for a wedding trip to the Forbidden Plateau.

Lillian Harrison Now Mrs. George

In a quiet ceremony solemnized Friday evening at 7 in St. Matthias' Church, Lillian Mary, daughter of F. H. Harrison, 271 Denison Road, became the bride of John Scotney George, son of Mr. and Mrs. D. S. George, 2524 McNeill Avenue. Rev. K. L. Sandcock read the service.

Escorted down the aisle by her father, the bride wore a simply-styled frock of mist blue crepe, street-length, and wide-brimmed hat of pink mohair trimmed with blue rosebuds. Her corsage bouquet was composed of pink rosebuds. Long pink gloves and a pearl necklace completed the bride's ensemble. Both bride and groom were unattended.

A reception was held at the Empress Hotel for members of the family, Wm. A. Lovell proposing the toast to the bride.

Taking leave of her guests for a motor trip to Kamloops, the bride wore a grey flannel dressmaker suit with cherry-red and black accessories. Mr. and Mrs. George will reside in Vancouver upon their return.

Negro Artist Studies Indian Lore Here

VANCOUVER (CP)—A brilliant American negro artist, Thelma Johnson Street, has come to British Columbia to study Indian lore.

Her rendezvous is the Queen Charlotte Islands, where she hopes to study the culture of the natives, long recognized as unique among the coastal aborigines.

In native art and native dances, she sees a basic human relationship with her portrayal of the negro.

Mrs. Street, whose paintings have been praised by world-famed artists, has one task—to set the tragedy and hope of freedom cherished by her race before young America through murals in schools, and in her books.

"You can't do very much with old folk," she said, "you have to let them grow up with the idea."

Share With the Hungry—Buying and using less meat, eggs and cheese so that greater quantities can be made available for export is important; so is the proper care and making the very best use of what you do buy.

Craighurst Guest House Has Lovely Setting

Beneath the spreading branches of tremendous may, oak, yew and fir trees, in the spacious Craighurst estate in Esquimalt, are to be found pretty tea tables and rustic chairs, where people may enjoy afternoon tea at their leisure. Each group of tables and chairs is set well apart from the others, backing against a cluster of shrubbery, or beside one of the many beds of gay flowers that are usually scattered here and there on the shaded lawns.

The approach to "Craighurst" is a pleasant drive through Esquimalt, along Lampson Street and Munroe, until one sees the "Craighurst" sign. A winding drive invites visitors to ramble up to the spacious guest house, where cars may be parked. A regular bus service also passes by "Craighurst." On sunny days, tea is served all afternoon in the garden—usually it includes hot tea biscuits, straight from the oven, Devonshire cream and delicious home-made jams. When the weather is chilly, tea is served in the spacious oak-beamed dining-room, and a roaring fire invites one to linger.

The comfortable old English Guest House accommodates just about a dozen guests at a time, and it is fast becoming a favorite stopping place for tourists from all over the world. Recent guests were an interesting family from Buenos Aires. Formerly a family residence, "Craighurst" was recently taken over by Mrs. Adrienne Hobbs of this city.

Party Honors Brigade Treasurer

Taking advantage of their summer recess from regular weekly drills, 20 members of Victoria Ambulance Division No. 65, St. John Brigade, gathered at the home of Mr. and Mrs. W. E. Akenhead, 3124 Quadra Street, for a surprise party to honor their popular divisional treasurer, Wilf Akenhead.

Mr. Akenhead, who also officiates as secretary-treasurer for the social committee, was presented with a mahogany magazine cabinet on the occasion of his birthday. Alex M. Jarvie, divisional superintendent, made the presentation, paying tribute to the guest of honor for the many services rendered all brigade activities.

Wm. Fulton, divisional president, was chairman, and R. T. Kipling proposed a toast to the honored host and Mrs. Akenhead. Contributing to the brief program were J. Carmichael, E. Holt, W. H. Gardiner, Alex Jarvie and divisional chorists.

A buffet supper, including birthday cake, concluded the evening. Assisting the hostess were Mrs. A. M. Jarvie, Mrs. W. Fulton, Mrs. F. Breach and Miss Chrissie Stevenson.

Women Authors Win Story Competition

JOHANNESBURG (CP)—Women authors have carried off the honors in a South African story competition in English conducted by an Afrikaans publishing firm in Johannesburg. Two manuscripts—"The Sea Hath Bounds," by Daphne Rooke and "The Expiring Frog," by Elizabeth Daggerleaves—shared the prize of £200 (\$800) and a 15-per-cent royalty on a guaranteed circulation of 10,000 copies.

"The Sea Hath Bounds" was Mrs. Rooke's first attempt at novel writing. She is the wife of a plastering contractor, and mother of a six-year-old girl. Elizabeth Daggerleaves was the pen name of Elizabeth Charlotte Webster, who came to South Africa in 1925 and died in 1934. Miss Webster wrote "The Expiring Frog" during the last two years of her life, and her sister submitted the manuscript.

The wedding will take place Sept. 14, 1946, at Belmont United Church, at 8 p.m.; Rev. H. W. Kerley officiating.

Mr. Thomas Scott, "Scotstoun," North Quadra Street, announces the engagement of his daughter, Jean, to James A. Doran, only son of Mr. and Mrs. J. C. Doran, James Island, B.C. The wedding will take place Saturday, Sept. 7, at St. Andrew's Presbyterian Church at 8 o'clock.

Mr. and Mrs. William Watson, 1949 Beach Drive, announce the engagement of their daughter, Evelyn Mary, to Mr. Douglas Craigie Leask, son of Mr. and Mrs. John Leask, 1126 Johnson Street. The wedding will take place Saturday afternoon, Aug. 31, 1946, at home.

Playground Built Where Bombs Fell

LONDON (CP)—Some of London's grim scars of war—areas where German bombs turned whole rows of houses into a mass of tangled debris—have been cleared and transformed into open-air playgrounds where small children, especially in crowded districts, play safely and happily under the supervision of trained mothercraft nurses.

Mothers working a 30-hour week leave their youngsters at a charge of 20 cents a day. The children play from early morning until sunset to their hearts' content with swings, see-saws, rocking horses and rag dolls—still not easy to get in postwar Britain. The daily three meals consist of breakfast, which includes free orange juice, a cooked dinner and tea.

Share With the Hungry—Use moderate temperatures for cooking meat. This saves meat and fat for the meat shrinks less and the drippings are of better color and flavor for future use.

Bats are among the most ancient of mammals.

No Royal Commission To Probe Police

QUEBEC (CP)—Premier Duplessis said Friday night Quebec's laws did not permit the holding of a Royal Commission inquiry into the Montreal police department as requested recently by the executive committee of the Montreal city council, but the Montreal authorities could have recourse to a judicial inquiry by addressing themselves to a judge.

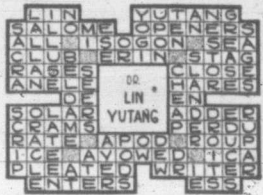

Decision of the executive committee, approved by Montreal's 99-member city council, to seek a Royal Commission inquiry into police activities since August, 1936, was announced last week, less than a fortnight after the slaying in an uptown betting house of gambler Harry Davis, and the suspension a few days later of the police forces' morality squad chief, Capt. Arthur Tache.

(Capt. Tache's dismissal from the force was announced in Montreal today, based on disobedience of orders in connection with plans for raiding gambling establishments.)

Youth Action Show Attended By 3,000

Amateur contests and dancing on the green, sponsored by the Victoria Youth Action Committee in Beacon Hill Park Friday evening, drew an attendance of 3,000 people.

In the amateur contests, participants were: Miss Ruby East, singing "Darling, What More Can I Do?"; Miss Marlene Vanve, singing "Don't Fence Me In" and doing a tap dance with a skipping-rope; Ken Hampton, reciting "Albert and the Lion"; Miss Sylvia Dany, singing "Home on the Range," and Louis Kamen, doing impersonations. "I'm a Big Girl Now" was sung by five-year-old Kathleen Curtis.

Theatre passes were won by five sailors who sang their version of "The Beer Barrel Polka." "I'm Confessin' That I Love You" was sung by Miss Beryl McDonnell, and Red Watson, Vancouver, presented banjo selections.

Other musical entertainment was provided by Ernie Fullerton and his Home Towners. Fred Usher was master of ceremonies. A show to be given in Beacon Hill Park Monday evening at 8 will feature a sing-song and films.

U.S. Committee Asks Airborne Division Based On Alaska

ANCHORAGE, Alaska (AP)—Concluding a four-day inspection tour of Alaska, House military committee members expressed the opinion Friday the United States' vast northern territory must be adequately and quickly armed to repel any possible invader.

"There must never be a Pearl Harbor attack from the north," acting Chairman John Sheridan, D., Pa., told reporters who accompanied the committee in its Alaskan tour.

"Alaska is a direct overland route to the United States and we must not allow anyone to take it."

Sheridan and other committee members approved the goal of army leaders to base in Alaska a completely equipped and supported airborne division as the backbone of the defence program.

(Meanwhile in Seattle, it was reported the U.S. army transport St. Olaf had left for Alaska Friday, carrying the 38-man vanguard of the army task force which is to stage the first post-war military manoeuvres to test equipment in the Aleutians and on the Alaska mainland.)

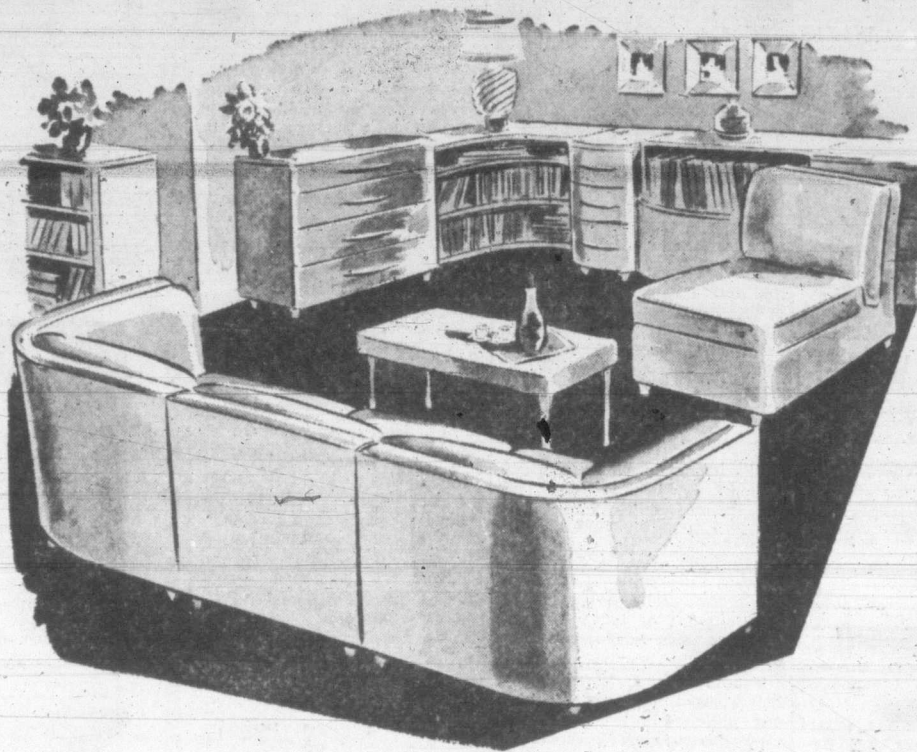

Former Drillmaster Visited On Birthday

A party of his friends and former pupils called on Maj. Ian St. Clair at his home on Cedar Hill Cross Road on the occasion of his birthday Thursday.

Maj. St. Clair was drillmaster for Victoria schools for many years prior to his retirement. Many present-day businessmen of Victoria were taught to swim in the public bath he operated in the summer months 40 years ago in the upper harbor. Each year a group of these men make a point of calling on Maj. St. Clair to wish him well.

This year Maj. St. Clair recited "The Rich Man and the Poor Man," and continued his advocacy of all persons developing good, clean, healthy bodies and of believing in God.

Ciros Crowned City Fastball Champions

Playing before an estimated 1,500 fans, Ciros fastballers last night won the city men's senior A title by downing Hoyle-Brown 8 to 4. Cafemen won the series 4 games to 2 with the other ending in a draw.

Ladysmith Eagles will oppose Ciros in a doubleheader at Central Park a week tomorrow. It will be the first two games of the best-of-three series for the island title.

Ciros scored a singleton in the initial frame and added two more in the second before Hoyle-Brown counted twice in the top of the third. Barnes, safe on Baker's error at first, completed the circuit on Millekin's two base clout. Okell hit a single scoring Millekin.

Ciros moved ahead 5 to 2 in their half of the third on successive hits by Toad Garnet, Vic Dale and Norm Baker. There was no further scoring until the sixth when Ciros pushed over a trio of markers. Joe Bryant was safe on first-sacker Sutton's boot, and scored on Holness' bingle. With two out, Porky Andrews slashed a triple to score Holness and registered Ciros' last run on third-sacker Battie's error.

Clouts triple Hoyle-Brown capitalized on a walk and two Ciros' errors to score once in the seventh and notched their last run in the ninth inning. After pinch-hitter

Harrington grounded out, Palmer clouted a long triple down the right foul line and scored when catcher Harris overthrew the base in an attempt to cut him off at third when he overran the bag.

Stan Tenning started on the mound for Hoyle-Brown but retired in the fourth in favor of Martin after giving up five hits and a like number of runs. Although receiving shaky support when his mates committed six errors, Joe Bryant pitched a good game, being nicked for seven hits.

Gordy Perkins, Ciros third-sacker, was tossed out of the contest in the eighth when he was said to have called "strike" after having been warned by Umpire Fred Tooby.

Short score follows: R H E Hoyle-Brown 4 7 6 Ciros 8 10 6 Batteries—Tenning, Martin (4) and Millekin; Bryant and Harris.

CLOUTS TRIPLE Hoyle-Brown capitalized on a walk and two Ciros' errors to score once in the seventh and notched their last run in the ninth inning. After pinch-hitter

Turning back the Eagles 11 to 1 last night V.M.D. clinched first place in the city league baseball race and possession of the McGavin Cup.

Jimmy Dumeah, recently released by the Athletics, hurled the shipyarders to their victory, giving up four scattered hits. V.M.D. picked up 12 hits off Stan Curry, five of them coming in the ninth inning when the winners scored eight runs. The last frame rally was also marked by two errors, five walks and four wild pitches.

Teams wind up their schedule with two games today and one tomorrow. Eagles and Canadian Legion open the city championship playoffs a week tomorrow with the winner opposing V.M.D. in the final.

14 Intercity Soccer Games Here Soccer fans will see intercity matches here during the coming season. The Victoria and District Football League last night announced it would enter a team in the Pacific Coast League. It will be the first time since before the war that Victoria will be represented in an intercity league.

The league will have six teams—Kerrisdale, Nanaimo, North Shore United, St. Andrew's, St. Saviours and Victoria.

The local team will be eligible for Mainland Cup competition. In league play, each mainland club will play three times in Victoria, and Nanaimo will be seen here twice. This will give followers of the game 14 contests to see on home ground.

Local teams have agreed that the signing of players for the Victoria United team will be held up until one month after the commencement of the local league schedule. This will give the selection committee an opportunity to form the best possible team.

The league executive will meet next week when the selection committee of three will be appointed. One member of the committee will be named manager of the team.

Attending the meeting last night when the decision to enter a team in the intercity league was made, were officials of the league, Commissioner Pat Mulcahy, Bobby Bell, Victoria West; Louis DeCosta, Canadian Legion; Wally Rowe, Toppers and Cec Cockerill, Navy.

grand aggregate. Eric Jubb who was not present when the picture was taken, won the junior boys' grand aggregate and also set a new Canadian record in the 50 yards junior backstroke with a 29.15 effort, a full second better than the old mark. Dick Bowden also swam a 29 second flat in the senior backstroke, but the official clocks failed to bear the referee's warning. Had it been

clocked officially, this also would have been a Canadian record. The "Y" team was chosen as the best-dressed team in the opening parade of the two-day regatta. The program was the best Kelowna has held in many years. There were more than 125 competitors and over 20 teams represented. Reid Smith of the "Y" team also was absent when the picture was taken.

Lefties Deadly to Cards If St. Louis Cardinals never see another left-handed pitcher, it will be all right with manager Eddie Dyer. While not exceptionally troublesome to the Cards during the early stages of the pennant race, rival southpaw hurlers lately have blossomed out into Hal Newhousers and Lefty Groves whenever they've been summoned to oppose the Cardinals.

During the past four weeks, the runner-up Redbirds had three chances to wrest the National League lead from Brooklyn Dodgers and blew them all. On each occasion it was a southpaw who stopped them.

A similar opportunity presented itself to the Cards last night. The Dodgers had been beaten by the Philadelphia Phils earlier in the day. While a victory over the last-place Pittsburgh Pirates in their own back yard would not have given the

Cards first place, it would have advanced them to within 5 per centage points of the top. So what happened? The Cards got beaten—and by a southpaw to boot—and are once again two games behind the Dodgers.

The latest unorthodox hurler to check the Cards is Ken Hurlburt who defeated them for the third time this season with a brilliant two-hit 3 to 0 shutout. At that the Cards might be worse off, for a scheduled day-light contest, preceding the evening game, was postponed by rain. The Bucs had Lefty Fritz Ostermueller, a two-time winner over the Cards, ready to shoot at the Birds.

The Philadelphia victory over Brooklyn was sweet revenge for the Quakers. Having bowed 12 straight times this season to the Brooks, the Phils gained their initial win at Ebbets Field with a four-hit 4 to 2 victory.

Boston Red Sox drew first blood in their important four-game series with New York Yankees, defeating their rivals 4 to 1 to increase their American League lead to 13 games.

Detroit Tigers bunched three of their six hits for a pair of runs in the second inning and downed Chicago White Sox 3 to 1.

Cincinnati Reds, who lost 21 of 22 games to the Chicago Cubs last year, gained a 3 to 2 victory over their former tormentors.

AMERICAN LEAGUE Chicago 6, Detroit 3; Baltimore 6, Philadelphia 4; New York 4, Boston 3; St. Louis 3, Cincinnati 2; Cleveland 3, Kansas City 2; Washington 3, Pittsburgh 2.

NATIONAL LEAGUE Philadelphia 4, Brooklyn 3; Cincinnati 3, Pittsburgh 2; St. Louis 3, Chicago 2; New York 4, Boston 3; Baltimore 6, Philadelphia 4; Washington 3, Pittsburgh 2.

HUSKIES GET WHITE SEATTLE (AP)—Sammy White of Seattle, described by Coach Hec Edmundson of the University of Washington as "the outstanding freshman basketball prospect I've seen," said Friday he will enroll in the university this fall.

Legion Wins Boxla As Navy Defaults Canadian Legion senior box lacrosse team won its final game of the season by default from Navy last evening. The game was scheduled for Stevenson Park but the sailors were unable to field a team.

Legion therefore completed the league schedule with eight wins and no defeats. One league game is left. It will be played at Stevenson Park Tuesday evening at 6.30 between Foul Bay and Jokers. Foul Bay, if they win, will tie the Tillicums for second place in the league standing. Tillicums have completed the schedule with five wins and three misses. Foul Bay has four wins and three losses. Jokers have won two and lost five.

Navy did not win a game. Playoffs will start in the latter part of next week.

Winnifred Evans B.C. Golf Champ VANCOUVER (CP)—Playing a steady game with deadly straight approach shots, Winnifred Evans, the Vancouver Shaughnessy shotmaker, Friday won the British Columbia women's golf championship.

Having the advantage of her home course, Miss Evans defeated Mrs. Jack Todd, Victoria Club, 3 and 2 in the 36-hole final. She was 2 up at the end of 18 holes.

Mrs. Todd outdrew the Vancouver star, but had trouble in keeping her shots straight. The Victorian shotmaker never passed Miss Evans' lead after losing the fifth, although she was even on the first three holes in the morning and narrowed the gap to one down several times throughout the day.

Motorbike Show At Langford Wednesday The cinders will be flying at Langford Speedway next Wednesday when members of the Victoria Motorcycle Club stages their annual display of races and stunts on their high-powered iron mounts.

Construction of a track inside the hard-surfaced auto race track is nearing completion for the show, and officials in charge say the program will be one of the finest ever seen here.

Bob Shanks, Bill Waller and Ted Hiberson are lining up the program and over 30 riders will participate.

A feature of the races on the program will be contests for the Tourist Trophy which include tricky right-hand turns or anticlockwise racing.

On the program of stunts and trick riding will be hanky pickups at full speed, a slow race, a backward race and hitch-hike riding with as many as 12 performers on one motorcycle.

Athletics Pull Game Out In Ninth Inning

Living up to their reputation of being a great last-inning club, Victoria Athletics pushed across three runs in the top of the ninth last night to turn back Bremerton Bluejackets 6 to 4 in their Western International League baseball engagement. Result left the clubs tied at 2 games apiece in their current series.

The score was tied at 3 to 3 after a tight eight-inning mound duel between Doug Oliver of Victoria and Joe Sullivan. Bob Cherry started the ninth with a single, moved up on a sacrifice and scored on Beans Marionetti's double. Then Victoria loaded the bases on an error and a walk, and Oliver drove in the two clincher runs on a grounder that third baseman Curtis muffed.

But Oliver failed to last to the game's end. He was relieved after walking two Bluejackets in the last of the ninth. A single off his successor, Swede Jensen, drove in the final Bremerton tally, but Jensen struck out Bill Barisoff, the league's leading home-run hitter, with two aboard.

Bob Paulson homered for Victoria in the fifth with no one on. The Yakima Stars resumed their giant-killer act against the Wenatchee Chiefs last night by taking both ends of a doubleheader from the league leaders, the opener 7 to 6 and the nightcap 11 to 6. Eleven hits good for as many runs in the last four innings were responsible for the second triumph.

Tacoma also enjoyed bargain night, winning a pair from Spokane to gain on Salem in the contest for third place. Tacoma won the short opener 18 to 3 but took 10 innings to clinch the second 8 to 7 just ahead of the midnight curfew.

Joe Faria, Spokane twirler, lost his own game when in the 10th, with the bases loaded on two singles and a fielder's choice, he forced in the winning run by passing Earl Kuper.

Vancouver Capitanos chalked up their fourth straight victory by defeating the Salem Senators 12 to 7 in the first of a three-game series. The Caps scored six runs in the opening inning on two singles and Ray Ortel's 21st homer of the season with the bases loaded. Dick Wenner got a home run for the Senators with one aboard in the fifth.

300 Children, Mothers, Blind, Aged, Benefit At Sunshine Camp

After eight weeks in operation, Sunshine Camp closed this week, having catered to more than 300 campers, and had finances permitted it could have provided holidays for many more, Miss Sheila Carlisle, camp supervisor, reported today.

The camp, on the shores of Sooke Harbor, is operated by the Family Welfare Association, and financed by the Community Chest.

Included among those who were given holidays varying from nine days to two weeks in length at the camp were 41 old age pensioners, 20 sightless with seven guides, 40 St. John Ambulance Juniors, 125 children, and 35 mothers, Miss Carlisle reported.

INCREASED BUDGET
"This is a wonderful camp," she remarked, as she prepared to return to her position with Neighborhood House in Vancouver to continue group work. "If we can get the support for an increased budget next year to provide us with equipment and to pay for the trained personnel to operate the camp for an additional two weeks, we can assure a larger number of Victoria's underprivileged mothers and children particularly, a real holiday."

This year, she said, it was necessary to cut down the length of holidays for the mothers and children group from 15 to nine days in order that all could get an opportunity to have some holiday. "Some of them were so sorry to leave at the end of the time they begged for the opportunity to stay on and work around the camp for a few extra days," she said.

In addition to the mothers and children group, a special children's camp for children from 8 to 15 years of age is held. This year 50 attended this camp. The children are picked from cases referred by the City Welfare Department, Family Welfare Association, Children's Aid Society, the V.O.N., the Saanich Health Centre and the Child Guidance Clinic.

NEEDING OUTDOOR HOLIDAY
"In all instances," Miss Carlisle explained, "they are children from families which could not give them a holiday like this away from home, and in all too many cases homes and rooms in which they live are very drab and they are in real need of the healthful, open air of the camp."

The 14 cabins at the camp were built and furnished in the past by Victoria organizations and donated to Sunshine Camp. Now many of the furnishings, bedding and kitchen equipment are getting badly worn and in need of replacement.

In order to fit out Sunshine Camp as it should be for an expanded program next year the budget will have to include expenditures for kitchen equipment, cabin supplies, mattresses, beds, blankets and other bedding, gramophone records, toys and children's games and playground equipment such as swings and teeters.

Christopher Morley Discovers Victoria In Morning Walk

By 10.30 this morning, Christopher Morley had had time to gain his first impressions of Victoria, and found to his pleasure that an early morning walk had been banished during his short walk from the Empress Hotel to John Forsyth's Book and Print Store on Fort Street.

Mr. Morley cherishes his first few hours in a new city as precious and does not like them interrupted. In this case, he had the opportunity to decide that Victoria was not nearly as English as it would like to think it is. To qualify this, he remarked on a sign he had seen which bore the word "curb." If that had been in England, he pointed out, the word would have been "kerb."

He had at first thought that the only crowds one saw in Canada were made up of American tourists, he said, but he altered his opinion this morning when he saw queues outside local shops. He took time out to discover what the people hoped to get and found it was cakes. The only queues in the U.S. are for nylons, he said.

For his own part, he would much rather enjoy the quiet of a book shop than the crowding of a queue.

He also noticed city police marking car tires with wands and chalk and wanted to know if that was to tell if cars had been parked too long. Told that was the purpose, Mr. Morley thought it would be a good idea to adopt the system for ideas. When they get too old, chalk them off, he said.

He feels Victoria is fortunate in being situated on an island. The advantage of an island, whether it was geographical or spiritual, he said, was that it served to purge life from a more brutal impact of the unpleasant things.

RAISES QUESTION ABOUT CLIMATE
He wondered, however, if Victoria's climate were not a little too halcyon. Cities such as New York, where he lives, with their more violent change in climate was possibly more invigorating, he felt.

He does not mind being pigeon-holed by newspapermen as "Christopher Morley, author of Kitty Foyle," but would much rather be known as a poet. Very few people knew of him as a poet, he said, although he had written poetry since he was a child.

On reflection, Mr. Morley decided his friend Don Marquis was probably quite right when he said that publishing a book of poetry and then waiting for public recognition was very much like dropping a rose petal in the Grand Canyon and then sitting back to wait for the echo.

The subject of whether or not he was thin-skinned, mentally, turned to Mr. Morley's beard which was grown because he was, in physical fact, thin-skinned and grew it mostly for comfort's sake and not "to make myself a public nuisance."

Mr. Morley did not want to give the impression that, because he had been visiting bookstores in his travels in B.C., he was presenting himself as an intellectual giant. Very often what he wanted was a good detective book with which to sit back and relax.

Nevertheless he was delving far into the riches of Mr. Forsyth's store and certainly knew what he was talking about. He is hoping that Victoria will offer him the quiet and restful atmosphere which will allow him to read and enjoy more subtle works.

A band concert will be presented by the band of the Musicians' Local, No. 247, under the baton of A. Prescott Sunday afternoon, 2.45, in Beacon Hill Park. The concert is sponsored by the city of Victoria.

Young Scientist On Visit To City
Albert Prebus, young Alberta scientist, who, with James Hiller, built the first electronic microscope at Toronto University in 1939, is now in Victoria with his wife and is staying at the home of his sister, Mrs. Rex Towgood, 2560 Vancouver Street.

Mr. Prebus, who is 33, is now carrying on the development of his research work and is associate professor of electrical engineering at Ohio State University.

He studied at the University of Alberta, Edmonton, receiving his bachelor's degree in 1935, and his master's degree in 1937.

New Courses Among 51 Offered At 1946 Night School Classes

A large number of new courses are being offered this year at Night School, as classes are held for the first time in Oak Bay and Esquimalt, in addition to the city and Saanich. It was reported by Trustee Mrs. H. A. Beckwith to Friday's meeting of the Greater Victoria School Board. A total of 51 courses are proposed, provided a minimum of 10 people enroll in each course.

Those being given at Victoria High School are as follows: Boat building, bookkeeping, building construction, choral music, citizenship, diesel engineering, doll and so on; toy making, dress appreciation, dressmaking English for new Canadians.

French—Conversational, high school subjects, home cooking, horticulture and home gardens, journalism, home cooking, horticulture and home gardens, journalism, home cooking, machine shop practice, music appreciation, personal efficiency, physical education for teachers, play group leadership.

Practical mathematics, public speaking, radio construction, recreational activity, Russian, showcard lettering, sheet metal drafting, Spanish, stationary and railroad engineering, shorthand and typing.

Offered at Central Junior High School will be leathercraft, painting and drawing, technical drawing and woodwork.

To be given at the old Oak Bay High School on Oak Bay Avenue are dressmaking, home cooking, home mechanics, painting and drawing.

Classes in dressmaking, home cooking and woodwork will be featured at Lampson Street School in Esquimalt.

At Mount View High School there will be classes in home cooking, metalwork and woodwork. The last two will not be open until January.

There will be classes in armature winding, electricity and plumbing at the government training centre on Cormorant Street. A class in woodwork will be given at Quadra Street school and one in automobile engineering at King's Road school.

Strike Picture Easing In B.C. Turbulent Elsewhere In Canada
by JACK WILLIAMS
Canadian Press Staff Writer

Canada's turbulent labor situation, which has left 50,000 workers idle in strikes, today showed little sign of easing and there were hints from some quarters of further disputes.

Only bright spot in the picture came from British Columbia where tension was eased by an announcement of the Regional War Labor Board it had abandoned a temporary 10-cent ceiling on wage increases. The ceiling had been adopted pending a policy ruling from Ottawa. It has aroused strike threats from some 10,000 workers.

Now the British Columbia board will deal with cases "on their merits," but its decisions will be subject automatically to review by the National War Labor Board which means the final decision on whether wage advances are to exceed 10 cents rests in Ottawa.

The steel strike has tied up a large part of Canada's basic steel industry centres on the question of whether increases should be 10 or 15 cents.

Negotiations in other disputes have practically been at a standstill pending a decision in steel.

Wages are the major issue in negotiations now underway between the United Mine Workers (C.I.O.) and operators of western coal mines. The union has presented demands, details of which have not yet been disclosed, to the operators and their reply is to be made today. While the union's requests are not to be disclosed until the operators have replied, it is reported they considerably exceed 10 cents.

The United Packinghouse Workers of America (C.I.O.) also have been negotiating for wage increases and master agreements with the "big three" of the industry—Swift Canadian Company, Canada Packers and P. Burns and Company.

REFUSE WAGE BOOSTS
A breakdown in these negotiations with Canada Packers and Burns was announced in Toronto Friday night by Fred Dowling, Canadian U.P.W.A. director, who said the two companies had informed the union they were "unwilling to grant any wage increases at present." He said strike votes would be taken among 9,000 workers employed by the two firms. The Swift Company still is negotiating.

Threats of strikes, however, are not limited to the ranks of organized labor. More than 20,000 Alberta farmers are threatening to halt delivery of farm products by Aug. 24 to enforce their effort to get parity prices.

Difference Settled, Russian Ship Sails

The Russian steamship Felix Perjinsky, after more than two weeks' delay in sailing because of a difference by Victoria Machinery Depot Co. Ltd. and Russian officials here over the contract for conversion of the vessel, finally put out of Victoria this morning for her homeland.

The ship will first call at Seattle for cargo and will then voyage to Vladivostok. She is already carrying 20 tons of medical supplies, obtained here through Unrra, in her holds.

During the ship's stay here, the crew, including 15 women, remained aboard.

Health Officers Watch B.C. Encephalomyelitis

Provincial government health officers are keeping a close watch on an outbreak of encephalomyelitis, or equine sleeping sickness, which today was reported to have spread into West Creston in the Kootenay district.

The disease had been previously reported in the North Thompson, Greater Kamloops, Merritt, Ashcroft and Clinton areas. Dr. W. R. Gunn, livestock commissioner for the Provincial Agriculture Department, who announced the disease had been reported in West Creston, has asked co-operation of all horse owners in having their animals vaccinated.

Provincial Police are co-operating with the agriculture department.

Dr. Gunn is also writing to the superintendent of Indian Affairs in British Columbia asking his co-operation in having Indian agents call to the attention of Indians the necessity of having their horses vaccinated.

The outbreak in the interior follows a slackening last year of horse vaccination.

"Last year's vaccination program was disappointing," said Dr. Gunn. "Fewer horses were vaccinated than in the previous year."

"The encephalomyelitis virus does affect humans," said Dr. Gunn. "It is a type of disease not unlike infantile paralysis or poliomyelitis. It seems, from statistics examined, that the disease is more fatal to humans than is infantile paralysis."

Frost Now Feared In Southern Alberta

EDMONTON (CP)—Dominion meteorological officials in Edmonton said today cloudy skies and a strong breeze had prevented frost from creating any serious damage to crops in the Edmonton district. However, farmers in the low-lying areas of the Peace River district and in the extreme western portion of the Edmonton district were hit with a light frost.

With the polar air stream that swept through from the Yukon across northern British Columbia into Alberta moving steadily south and east, there is grave danger that tonight may find frost causing heavy damage to crops in southern Alberta and western Saskatchewan.

Farmers in other sections of Alberta and Saskatchewan, however, are taking heed to a warning issued by the meteorological experts that "much lower temperatures than those forecast can be expected in isolated low-lying points."

A. M. Wilson, Alberta field crops commissioner, said today that although only light frost had been reported it would still cause extensive damage to the northern wheat crops.

The monthly meeting of the Canadian Legion, Esquimalt Dockyard Branch No. 172 will be held in the branch hall, 622 Admiral's Road, next Wednesday at 8.

69 Forest Blazes Burning In B.C.

Sixty-nine forest fires were burning in British Columbia today, weekly fire report of the B.C. Forest Service to Lands and Forests Minister E. T. Kenney showed today.

To date this year 1,104 forest fires have cost \$85,033 to fight, the report showed.

During the week 146 new fires occurred, and 139 fires were extinguished. Sixty-two fires were burning when the week started.

Last year at this time 1,231 fires had run up a fire-fighting bill of \$138,431. In 1944 1,230 fires up to this time had cost \$96,070.

Cloudy and cooler weather was reported throughout the province during the week. In Vancouver forest district which includes all Vancouver Island, 268 fires, so far this year, have cost the department \$4,347 to fight.

At this time last year 265 fires had been fought at a cost of \$24,445.

To Talk Further On Public Ownership

A meeting of the Greater Victoria Transportation committee will be called next week to consider the brief on public ownership of the transit system presented by a labor delegation to City Council Thursday evening, Ald. H. M. Diggon, committee chairman, said today.

Representatives of the labor group will be asked to attend this meeting he said to discuss the principles expounded by them. At the same time Ald. Diggon promised he would present a comprehensive report on the researches undertaken by the committee and the reasons for some of the decisions made to date.

Mayor Percy George, commenting on the question, said that he felt possibility of public ownership of the unified transportation system should be thoroughly investigated before the call for tenders is made.

It is understood that prior to Ald. Diggon calling the special meeting on the subject, the labor group wrote and requested permission to present additional material to the committee.

British Columbians Adventurous Ready For Gold Rush, Poll Finds

By CANADIAN INSTITUTE of PUBLIC OPINION

TORONTO—"Too much risk involved." "I like the comforts of home too well." "Too many sacrifices, perhaps for nothing." "I have a wife and family to consider."

So go the reasons why the majority of typical adult Canadians think they would be unmoved by the lure of gold, even if a new Klondike Rush were to be beckon.

If the traditional Canadian pioneer spirit is to be maintained, the challenge will best be cast to youth. Security, comfort and caution would deter Canadians of voting age, judging from their response to the suggestion in the latest Gallup Poll of adults, with all groups accurately represented.

Reporters of the institute asked: "If there were suddenly a big gold rush, such as that of the Klondike, with all its excitement, risks and hardships, would you feel like packing up and going?"

The idea left four out of five cold: Yes, would feel like going, 20 per cent; no, would be unaffected, 76 per cent; undecided, 4 per cent.

The 20 per cent who said they would "feel like going" were then asked: "Do you think you really would go?" Only one-half would: Yes, 10 per cent; no, 7 per cent; undecided, 3 per cent.

While 10 per cent may seem a small proportion of adult Canadians, if that percentage actually packed off to distant parts, it would constitute a migration of 750,000.

THOSE ATTRACTED
Younger voters, small town folk, the laboring class and British Columbians are more attracted than are business and professional people, farmers and older citizens, the institute found.

Even 40-year-olds in many cases felt they were "too old" or "couldn't stand the pace." On the other hand, one lady over 50 gave as her sole reason for not going: "My husband wouldn't let me."

Adventure, excitement, "the hope of making a rich strike" were the principal reasons mentioned by those who said they would go. But not all conceived the idea in terms of toiling for gold. A nurse would like it as a new field in which to practice her profession. Several thought of making a fortune by "opening a saloon."

But law and order would also be ensured, as evidenced the

lawyer who would go promptly "and establish a business before competition became prohibitive." Most astute of all, perhaps, was the young man who said: "I'll stay home and buy one of the vacant houses." (World Copyright Reserved)

I.T.U. President Blamed For Strike
OTTAWA (CP)—W. D. Card, an industrial disputes commissioner who investigated a dispute between the International Typographical Union (A.F.L.) and two Winnipeg newspapers, said in a report tabled today in the Commons both the union and the publishers had failed to recognize interests of the state and the public.

The strike at the Winnipeg Free Press, a Sifton paper, and the Winnipeg Tribune, owned by Southern Ltd., was followed on May 30 by strikes in four other Southern papers—Ottawa Citizen, Hamilton Spectator, Edmonton Journal and Vancouver Province.

The report, which Mr. Card made May 1, was tabled by Labor Minister Mitchell. Mr. Card said failure of the local union to reach an agreement with the Winnipeg Free Press and the Winnipeg Tribune was solely due to intervention of the top executive of the union in Indianapolis. The dispute led to a strike Nov. 9, 1945, and the strikers were subsequently dismissed.

Lions Club Objects
Directors of the Lions Club of Victoria, will discuss a recent statement of Dr. W. J. Sippell, who scored some service club speakers who, he said, think that "a story to be put over must be unclear," before taking any action. It was decided at a Lions Club luncheon meeting Friday.

Objection to the statement was raised at the meeting and Jack Kendrick, acting president, put the matter to a vote. Members felt it was better to have the matter discussed rather than make a hasty decision.

Dr. Sippell's remarks were made at a Rotary Club luncheon, Thursday.

Nelson Faces Tough Field In Defense Of P.G.A. Championship

PORTLAND, Ore. (AP)—Byron Nelson's ailing back will be loaded down with the weight of four major open tournament champions when he defends his United States Professional Golfers' Association title here next week.

Most of the other big names, too, will be trying for 63 qualifying berths as the 120-man field whittles itself down Monday and Tuesday. Nelson will rest his aching sacroiliac through the qualifying play and step up to the tee Wednesday. As defending champion, he automatically qualifies.

Where the pressure will come from is anybody's guess, but these four are likely candidates: Sam Snead, the Virginia slammer, winner of the British open; Lloyd Mangrum, Chicago, holder of the United States open title; Ben Hogan, Hershey, Pa., Canadian P.G.A. open champ, and George Fazio, Los Angeles, Canadian open winner.

Nelson, who said his perennial back trouble was bothering him as he whittled three strokes off par in a practice round, was dubious about his prospects of gaining his third P.G.A. title. Admitting that he preferred medal to match play, he surveyed the list of entrants and found most of the country's top players as possible match-play opponents.

Among them are such names as Herman Barron, Vic Ghezzi, Clayton Haefner, Dick Metz, Jimmy Hines, Harold McSpaden, Herman Keiser, Jimmy Demaret and Lawson Little.

Seals Move Four Games On Top In Coast League Ball

The condition of the funny bone in giant Cliff Melton's left elbow may count heavily in the San Francisco Seals' drive down the stretch for the Pacific Coast Baseball League pennant, and manager Frank (Lefty) O'Doul decided to test it tonight.

With the Seals coasting happily along toward the flag at the expense of the seventh-place Portland Beavers, O'Doul nominated Melton, his second ranking hurler, for his first try this month.

Frank Seward hung up his 13th win against eight losses as the Seal bats pounded out an 8 to 1 drubbing of the Portland Beavers, the fourth straight win in their seven-game series, with three tilts remaining. Seward allowed four hits, one of them a homer by Harvey Storey, San Francisco boomed over four runs in the fourth frame and tallied a solo each inning thereafter.

OAKLAND BEATEN

The victory boosted San Francisco to four games ahead of the second-place Oakland A's, defeated, 5 to 2, for the first time in four engagements with the Sacramento Solons.

Right-handed Guy Fletcher, 24-game winner last season who has been hampered by a strained back this year, held the A's to seven safeties in hurling his 15th win against nine defeats.

Hollywood Stars continued their challenge of Los Angeles for third place by turning back the Seattle Rainiers 8 to 6, evening their series at two games apiece. The Stars put across three runs in the third and five in their big sixth stanza and collected 11 hits off four mounds-men, while their three pitchers yielded Seattle 14.

Los Angeles came from behind in the ninth on a three-run rally to subdue the San Diego Padres 8 to 7, with Jess Dobernig, relieving Chambers, receiving the round credit. Lloyd Christopher and Reggie Otero singled behind a walk issued to Bill Schuster, and Alban Glossop doubled to wrap up the game.

In Newport Tennis Mulloy Whips Brown

NEWPORT, R.I. (AP)—Favorites set the pace Friday in the 27th Newport Casino tennis tournament as Gardnar Mulloy of Miami swept into the finals in the singles and top-seeded Jack Kramer and Ted Schroeder of Los Angeles led the way into the semifinals of the doubles.

The first-seeded Mulloy eliminated Tom Brown of San Francisco, the surprising sensation of Wimbledon, in straight sets, 15-13, 6-3, 6-4, in the only singles match of the day. He will meet the winner of the match between Schroeder and Francisco Segura of Ecuador for the championship.

In the doubles, Kramer and Schroeder disposed of Seymour Greenberg of Chicago and Fred Kovaleski of Detroit, 6-3, 5-7, 6-3, and then eliminated Segura and Canadian titlist Morely Lewis of Chicago in straight sets, 6-1, 6-3.

'Adventure' Comes To Royal Monday

The screen's best-known "Mrs." has now become its latest Sweater Girl. Greer Garson, co-starring on the Royal screen for the first time with Clark Gable in "Adventure," Monday, not only wears her first modern wardrobe in four years but emphasizes her come-hither looks in two sweater outfits.

DOMINION THEATRE
Veronica Lake and Sonny Tufts, stars of Paramount's romantic drama, "Miss Susie Slagle's" now at the Dominion Theatre, set out to tackle a medical problem together.

CAPITOL THEATRE
Sonny Tufts begins his downfall in a friendly poker game with Brian Donlevy, an association which leads to many exciting and suspenseful moments in "The Virginian," currently being shown at the Capitol Theatre.

OAK BAY - PLAZA THEATRES
Burgess Meredith plays one of Paulette Goddard's suitors in the gay romance, "The Diary of a Chambermaid," which is now showing at the Oak Bay and Plaza Theatres through United Artists.

YORK THEATRE
Hollywood can boost all it wishes about new starring teams, but Paramount dishes 'em out in trios. "Road to Singapore," which is currently at the York Theatre, contains Bing Crosby, Dorothy Lamour and Bob Hope.

ATLAS THEATRE
Keenan Wynn, rising young screen comedian, is a walking encyclopedia of show business. He is now in "Ziegfeld Follies of 1946," at the Atlas Theatre.
